Please Join Us For this Special Cause

Our daughter Alexia Magallanes is diagnosed with optic nerve hypoplasia (under development of the optic nerve), which unfortunately left her visually impaired. We are trying to raise money to go to China for her to get umbilical cord stem cell injections which is not available in the United States yet in hopes for her to gain some vision. Our goal is to raise \$ 60,000 by June 2011. Come out and support this special cause in trying to help us reach our goal. Any contributions are appreciated!

Charity Information

Alexia Magallanes Donation Fund
at Wells Fargo Account # 7555459283
